DETAILED ACTION

Drawings

1. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the letterings in figures 1 and 2 (i.e. poor quality in handwriting in functional blocks, especially block 17, applicant is advised to replace handwritings with typed letters). Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1-21 are allowed.

3. The following is an examiner's statement of reasons for allowance:

3.1 Claim 1 discloses a system for sequentially switching a plurality of FM antennas by detecting a pulse signal pair from an antenna cable. The pulse signal pair, having no DC signal energy, are generated by a pulse shaper coupled to a pulse generator.

Lindenmeier (US 6,169,888) discloses a similar system in figure 3. Lindenmeier fails to teach a pulse shaper coupled to a signal generator, and controlling a switching circuit by detecting the pulse signal pair.

3.2 Claims 2-10 are allowed for being dependents of claim 1.

3.3 Claim 11 discloses a multi-antenna receiver system, comprising a plurality of FM antennas and a single AM antenna. An AM signal compensation circuit located in an antenna portion has a first input coupled to a cable connecting the antenna portion to a receiver, a second input coupled to the AM antenna for compensating (canceling) AM signals to an output coupled to an antenna selecting circuit. Lindenmeier fails to teach an AM antenna compensation circuit. Taniguchi et al (US 5,263,190) discloses a receiver system with AM antenna 31 and FM antennas 21 and 22 in figure 2. Taniguchi teaches a switch 23 for selecting one of the FM antennas but fails to teach an AM compensation circuit.

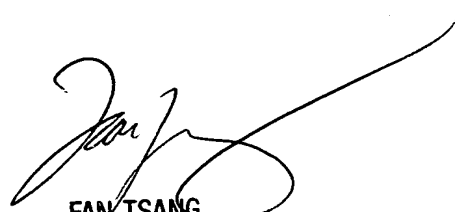

3.4 Claims 12-19 are allowed for being dependents of claim 11.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
